VANTAGE COLLECTION

DESIGNED FOR EXPANSIVE LIVING

The Vantage Collection blends contemporary design, expansive glass, and precision engineering to create seamless indoor-outdoor experiences with clean sightlines and effortless operation.

VANTAGE COLLECTION

WINDOW WALL

SERIES 8630

Designed to deliver expansive views with our narrowest sightlines yet, this fixed window wall system features an ultra-slim, thermally broken aluminum frame that creates a seamless connection between indoor and outdoor spaces. With a 4.5" frame depth and compatibility with our Series 8000 operable windows, it offers exceptional design flexibility, refined aesthetics, and outstanding thermal performance for contemporary applications.

EXTREME SIZES
Up to 60"W x 120"H, or
50 sq. ft. - 120"W x 120"H
True Divided Lite Option

VANTAGE COLLECTION

PASS-THROUGH AWNING WINDOW

SERIES 8665

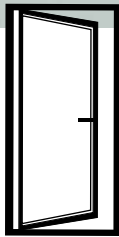

Designed for seamless indoor-outdoor transitions, this pass-through awning window is ideal for kitchens and entertaining spaces that open to outdoor patios. Pressurized gas struts, concealed hinges, and an interior flush handle create smooth operation with a clean, contemporary aesthetic. Featuring ultra-thin sightlines and exceptional performance, the system is meticulously engineered and rigorously tested for lasting durability. Also available with a no-sill option.

VANTAGE COLLECTION

HINGED DOOR

SERIES 8900

Combining modern aesthetics with high-performance engineering, this hinged door system features Euro Groove-mounted, two-way adjustable hinges and a thermally broken aluminum frame with an advanced thermal barrier for smooth operation and enhanced energy efficiency. Designed to integrate seamlessly with Vantage Collection windows and doors, it delivers refined sightlines, durable construction, and a cohesive architectural aesthetic.
